

**87TH MEETING OF THE SCIENTIFIC REVIEW GROUP
ON TRADE IN WILD FAUNA AND FLORA¹**

Brussels, 03 JULY 2019

SHORT SUMMARY OF CONCLUSIONS

The SRG took the following decisions² under Articles 4.1(a)(i) and 4.2(a) of Council Regulation (EC) No 338/97:

1) No opinion for import of specimens of the following species / countries combinations:

Rationale for "no opinion":

- i) No trade anticipated: The species is not currently (or is only rarely) in trade, and no significant trade in relation to the conservation status of the species is anticipated;
- ii) Decision deferred: There are insufficient data on the species;
- iii) All applications to be referred to SRG: The species is not currently (or is only rarely) in trade, but significant trade in relation to the conservation status of the species could be anticipated.
